

## REMARKS

Claims 24-28 remain pending in the present application. Claims 24 and 27 have been amended. Basis for the amendments can be found throughout the specification, claims and drawings as originally filed.

## SPECIFICATION

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed. The title has been amended and is now believed to be indicative of the claimed invention. Withdrawal of the objection is respectfully requested.

## CLAIM OBJECTIONS

Claims 24 and 27 are objected to because of informalities. Claims 24 and 27 have been amended to overcome the objection. Withdrawal of the objection is respectfully requested.

## DOUBLE PATENTING

Claims 24-28 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 58, 60, 61 and 64 of U.S. Pat. No. 6,498,366 (Okabe, et al.) in view of Sze. Applicants respectfully traverse this rejection. Enclosed is a Terminal Disclaimer which Applicants believe is in compliance with 37 CFR § 1.321(c) to overcome the obviousness-type double-patenting rejection. Reconsideration of the rejection is respectfully requested.

**CONCLUSION**

It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. Applicants therefore respectfully request that the Examiner reconsider and withdraw all presently outstanding rejections. It is believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
